

3M Automotive Aftermarket Division
3M™ Hookit™ Flexible Abrasive Sheets

From
flexible
versatility
to superior
cut & finish

3M™ Hookit™ Flexible Abrasive Sheets are ideal for hand sanding applications including primer sanding, blend preparation and paint finishing. This product provides excellent cut and finish performance with high flexibility, conformability, and a soft feel.

3M™ Hookit™ Flexible Abrasive Sheets are excellent for sanding panel edges and other parts, including hard-to-reach areas such as bumpers, door shuts, and panel edge scuffing applications. 3M™ Hookit™ Flexible Abrasive Sheets have the cut and finish of conventional abrasives and deliver added flexibility for hard-to-reach areas.

- Great cut and finish performance
- High flexibility and conformability
- Colour differentiation by process
- Soft feel
- Accessory pad included in every box
- Can be used for wet or dry sanding

3M

3M™ Hookit™ Flexible Abrasive Sheets

Directions For Use

3M™ Hookit™ Flexible Abrasive Sheets can be used for many different applications. When using dry, wipe clean frequently to extend the life of the abrasive. The sheets can be used with a block, the accessory pad included in every box, or any accessory with a 3M™ Hookit™ attachment.

PRIMER SANDING

3M™ Hookit™ Flexible Abrasive Sheets, PN 34337, P400
