

BACT FUEL

ANTI - BACTERIAL TREATMENT FOR ANY KIND OF FUEL

BACT FUEL demonstrates broad-spectrum activity against micro-organisms, especially in hydrocarbons storage :

- Bacteria's (such pseudomonas aeruginosa) with gram negative tendency.
- Yeasts (candida lipolytica)
- Moulds (hormonis resiniae)
- Sulphate-reducer bacteria's

All responsible of storage tanks, pipes, pumps, filters, supplying systems, motors corrosion ... etc

BACT FUEL, biocide effect, has a trip result :

- Avoids bacteria's formation, corrosion scale that block up filters.
- Prevents combustion additives destruction.
- Reduces water in fuel during storage.

BACT FUEL has a dual preventive and remedial action. Its action reduces the risks of micro-organisms multiplying in the fuel at the water and fuel's interface.

During the sailing period and the storage, **BACT FUEL** produces:

- Internal cleanliness of tanks.
- An effective fight against mud, slime and corro-

sive by-products forming.

- A reduction in the risk of surfaces and equipment breaking down or deteriorating.

BACT FUEL is non-flammable.

BACT FUEL is used as follows:

BACT FUEL is added when tanks are filling.

Preventive treatment : 100 ml to 150 ml for 1000 Litres of fuel.

Curative treatment : 150 ml to 300 ml for 1000 Litres of fuel.

Ref. 560MFL - Bottle 125 ml
Ref. 560M - Bottle 1 litre
Ref. 560M.5 - Bottle 5 litres
Shelf Life : 2 years

613-167-00-5 : MELANGE DE 5-CHLORO-2-METHYL-2H-ISOTHIAZOL-3-ONE [NO.CE 247-500-7]; 2-METHYL-2H-ISOTHIAZOL-3-ONE [NO.CE 220-239-6] (3:1). H314 Causes severe skin burns and eye damage. H317 May cause an allergic skin reaction. H412 Harmful to aquatic life with long-lasting effects. P264 Lavarse con agua concienzudamente tras la manipulación. P264 Wash with water thoroughly after handling. P273 Avoid release to the environment. P280 Wear protective gloves/protective clothing/eye protection/face protection. P301 + P330 + P331 IF SWALLOWED: rinse mouth. Do NOT induce vomiting. P302 + P352 IF ON SKIN: Wash with plenty of soap and water. P303 + P361 + P353 IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P102 Keep out of reach of children. Always make beforehand, a test with the surface to be treated to determine the compatibility and the time of contact suited.
