

CRAQUY

POWERFUL GEL PICKLE FOR PROPELLERS, SHAFT GEARS AND INFLATABLE BOATS

CRAQUY is a powerful pickle which contains corrosion inhibitors.

CRAQUY pickles perfectly propellers, shaft gears, out drives and hulls.

CRAQUY makes it possible to pickle inflatable boats without any attack of PVC, hypalon or neoprene.

CRAQUY, as it is a freezable, does not make streaks. **CRAQUY** adheres perfectly to surface what avoids the loss of products.

CRAQUY removes barnacles, zebra mussels and algae easily.

CRAQUY does not release any harmful vapour.

INSTRUCTIONS OF USE :

- Apply **CRAQUY** with a brush or a roller paint.
- Let act 20 minutes to several hours.
- Rinse with a water jet or a water compressor.

Important :

In the case of application on ferrous metals, immediately after the rinsing, apply immediately a waterproofing protection (type E.P.O.4.), because the metal being cleaned and deoxidized, the humidity and the ambient aggressiveness facilitate the fast appearance of oxidation («flower» of rust).

Ref. 661M - Bottle 500 ml
Shelf Life : 2 years

H314 Causes severe skin burns and eye damage. H 335 May cause respiratory irritation. P260 Do not breathe vapours. P264 Wash with water thoroughly after handling. P280 Wear protective gloves/protective clothing/eye protection/face protection.. P301+330+331 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
